Conditions of Use

Introduction:
Thousands of users will share the information systems of the King Faisal University. To ensure the safe, efficient, responsible and secure operation of the systems all users must comply with the following conditions. You must read and have understood the conditions of use before submitting an application for access any information system. If you have any doubt about your understanding of the conditions of use you should contact information center and seek clarification. If your application is approved you will be deemed to have read and understood the conditions and agreed to abide by them.

Conditions:
1. You must abide by all university resolutions and rules.
2. You must not allow any other person to use your access for any reason and must take all reasonable precautions, including password maintenance and file protection measures, to prevent unauthorized access.
3. You must not use the information systems for commercial, profit making, anti Islamic and anti government activities.
4. You must not attempt to repair or interfere with any component of the information system. All faults or suspected faults must be reported to information center.
5. You must never compromise or attempt to compromise the security of any information system.
6. You must not attempt to obtain computer time, disk space or other resources unless you are entitled to them.
7. You must not install, transmit or use any method, including software or software viruses, that may degrade, damage, sabotage or corrupt any information systems.
8. The information Center reserves the right:
   (a) To terminate access for the breach of any of the conditions of use.
   (b) To halt, restrict or limit any user's access to information systems and to inspect, copy, remove or
alter any data, file or system resources which it deems detrimental to the authorized use of any information system.

**Disclaimer**: The information Center accepts no responsibility for:
(a) Loss or damage or consequential loss or damage, arising from the use of its information systems.
(b) Loss of data or interference with files arising from its efforts to maintain the information systems.

**Acceptance of Conditions of Use**
I have read understood and agree to abide by these Conditions of Use: (please print)
