

Requirements

This section of the Application Guide explain the requirements for supporting documents.

You must submit your supporting documents by the deadline to which you are applying. Documents should be submitted as part of your application.

To find out which documents you need to provide in your application, see 'Documents required' on the relevant admissions Requirements page. This provides information about each required document.

You are responsible for making sure that all required documents, including references, are submitted in time for your chosen deadline and meet the University's requirements. If your application is submitted late, and/or it is incomplete, it will not normally be assessed at that deadline.

All of your supporting documents should meet the following requirements:

- PDF, .jpg format. Word documents (.doc or .docx) are not accepted.
- **Smaller than 1MB** (for upload to your application form).
- **Legible** and **easy to identify**. Make sure that the documents are as clear and easy to read as possible.

If you are offered a place, you may be asked to send the original(s) of any official documents uploaded to your online application. You should only send these if they are specifically requested, as these documents cannot be returned to you.
